

Product Name	Occupancy ceiling sensor		
Models	PLS-BAG-002		
Appearance			
Description	1.360° PIR Ceiling Mount Occupancy Sensor, Automatically turns light ON/OFF.		
	2.Adjustable time delay from 18 Sec to 10 mins, Adjustable sensitivity, Adjustable light level sensing.		
	3.Uses infrared signals to detect moving objects. Will not produce significant heat and extremely energy efficient.		
	4.NEUTRAL WIRE REQUIRED.Indoor Use Only, Wire Nuts and Screws included.		
Size & Color	Size	119*119*38.6mm	
	Color	White(Customizable)	
Material & Surface treatment	Enclosure	PC	
	Mounting Yoke	Zinc plated steel	
Weight	127g		
Certification	cETLus		
Standard(s)	UL773A、CSA C22.2#284		
Technical parameter	Rated voltage:120VAC、60Hz		
	Tungsten lamp:1000W		
	Electronic Ballast lamp:1000VA		
	LED lamp:150W		
	Motor:1/4HP		
	Flame Classifications: UL94-V2		
	Operating temperature:-23 to 86°F (-5 to 30°C)		

	Cable specification: 18AWG
	Coverage:360° detection range
	Time delay: 18Sec-10Min
